ABOUT US

The Training and Placement Cell at IIIT Bhubaneswar is dedicated to **bridging the gap between the students and the corporate world**. Our mission is to equip students with the necessary skills and attributes to thrive in professional environments. This includes developing **effective problem-solving abilities, enhancing their personalities, and honing communication skills,** all of which are essential for success in today's competitive job market.

Our team is a dynamic mix of placement executives, students, and faculty members who work collaboratively to ensure that our students are well-prepared for their career journeys. **We facilitate both full-time and internship recruitment for over 300 graduates annually**, representing a diverse pool of talent from five distinct departments: Computer Science & Engineering, Information Technology, Electrical and Electronics Engineering, Electronics and Telecommunication Engineering, and Computer Engineering.

Our students are enrolled in a variety of programs, including **B.Tech, M.Tech, and Ph.D.**, and they bring a wide range of expertise and knowledge to the table. Whether they are aspiring to join industry leaders or pursue academic careers, our students are eager to take on challenging and exciting job opportunities. **Through our efforts, we aim to connect them with organizations that value innovation, creativity, and a commitment to excellence.**

ABOUT **IIIT BHUBANESWAR**

The International Institute of Information Technology (IIIT) Bhubaneswar stands as a premier institution in India, dedicated to shaping the future of technology and innovation. Established in 2006, IIIT Bhubaneswar has quickly emerged as a **hub of academic excellence, research, and industry collaboration**. Guided by the vision of creating world-class technocrats and leaders, the institute emphasizes a balanced blend of **theoretical knowledge and practical skills.**

At IIIT Bhubaneswar, we foster an environment where intellectual rigor meets real-world challenges. Our curriculum is meticulously designed to align with the **dynamic demands of the global technology landscape**, ensuring that our students are well-equipped to tackle the complexities of the modern world. The institute offers undergraduate, postgraduate, and doctoral programs in cutting-edge areas of Computer Science, Electronics and Communication, and Information Technology.

As a recruiter, you will find that IIIT Bhubaneswar nurtures talent that is **adaptable, innovative, and ready to take on the challenges of tomorrow's technology-driven world.** We invite you to engage with our students and discover the exceptional potential they bring to the table.

DIRECTOR'S MESSAGE

Greetings Recruiters,

Greetings from IIIT Bhubaneswar, I am honored to welcome you to our esteemed institution dedicated to providing a world-class education in information technology. Since our establishment in 2006, IIIT Bhubaneswar has relentlessly pursued excellence in education and research. Over fifteen years, we've become a prominent force in IT, guided by a vision to offer top-notch technical education and serve as a hub for cutting-edge research. Our mission is to unlock the full potential of our students and faculty.

With a stellar record in academics, we stand poised to contribute significantly to technological solutions and sustainability research. Our diverse student body and meticulously designed programs instill qualities such as innovation, leadership, teamwork, and a global perspective. IIIT Bhubaneswar is committed to academic excellence, reflected in our constant review and enhancement of programs, incorporating the latest technological theories. We leverage state-of-the-art technologies for effective course delivery, emphasizing practical applications, and positioning ourselves globally. Our environment fosters innovation, creativity, and academic excellence. We endorse interdisciplinary research, benefiting both industry and society. Committed to nurturing well-rounded leadership skills, we anticipate remarkable achievements in the broader academic community. Stakeholders are invited to engage and mutually benefit. I encourage you to visit our lush green campus, witness the potential of our talented students and faculty, and experience our commitment to excellence. Welcome to IIIT Bhubaneswar!

Best Regards,
Dr. Ashish Ghosh, Director IIIT Bhubaneswar

COURSES AT **IIIT BHUBANESWAR**

Following are the courses offered at our Institution:

- **Bachelor of Technology (B.Tech)**
  Discipline offered:
  - Computer Science Engineering
  - Computer Engineering
  - Electronics and Telecommunication Engineering
  - Electrical and Electronics Engineering
  - Information Technology
- **Master of Technology (M.Tech)**
  Discipline offered:
  - Computer Science Engineering
- **Ph.D. Programme**
  Discipline offered:
  - Computer Science Engineering
  - Basic Sciences and Humanities
  - Mechanical Engineering
  - Electrical Engineering
  - Electronics and Telecommunication Engineering

IIIT Bhubaneswar: Nurturing Tech Talent for the Future

A Vibrant Hub of Innovation and Expertise

IIIT Bhubaneswar stands as a beacon of technological excellence, boasting a diverse and talented student body across various engineering disciplines. Our rigorous curriculum, coupled with a strong emphasis on practical learning and industry collaborations, equips our graduates with a robust skill set that is highly sought after by leading organizations.

Core Strengths and Skillsets

Our students excel in core technologies, including:

- **Programming Languages:** Proficient in Python, Java, C++, and JavaScript.
- **CS Fundamentals**: Proficient in Operating Systems, Computer Networks, Compiler Design.
- **Data Structures & Algorithms:** Strong foundation for efficient problem-solving.
- **Web Development:** Expertise in Web technologies, including React, Angular, and Node.js.
- **Database Management:** Skilled in MySQL, Oracle, MongoDB, PostgreSQL and SQL Server.
- **Software Engineering:** Deep understanding of OOP, design patterns, and software testing.
- **Emerging Technologies:** Exposure to AI/ML, Cloud Computing, and Cybersecurity.
- **Electrical & Electronics Proficiency:** MC-IOT, Embedded System, VLSI, Signal & Image Processing, Power Electronics, Power Systems, Renewal Energy, Control System etc.

A Culture of Innovation and Entrepreneurship

We foster a dynamic & entrepreneurial environment, encouraging students to think critically & develop solutions to real-world challenges. Our students actively participate in hackathons, coding competitions, and research projects, honing their problem-solving abilities and showcasing their creativity.

Industry-Ready Graduates

Our strong industry partnerships and internship programs ensure that our students gain hands-on experience and develop the skills required to excel in the professional world. We collaborate with leading companies to offer industry-relevant projects and mentorship opportunities, bridging the gap between academia and the corporate world.

In Conclusion

IIIT Bhubaneswar graduates are well-rounded individuals with a strong foundation in technology, coupled with excellent problem-solving skills, teamwork abilities, and a passion for innovation. We are confident that our students will make significant contributions to the tech industry and drive positive change in the world.
